

1. Name: Pam Blackburn
2. Residential Address: 830 Connecticut
3. Contact Information: pamblackburn55@gmail.com
4. Employer: Work at Black & Veatch on their Financial computer systems. Work for Hewlett Packard Enterprise.
5. Community/City Groups/Boards attend regularly: currently on ELNA board serving as secretary.
6. Lived in East Lawrence: 3.5 yrs
7. Best thing about East Lawrence: The sense of community, both in concern for the neighborhood & friendliness.
8. Full ELNA meetings attended: 11.
9. ELNA events & projects: I am a staple at the KVKL concessions. ELNA runs concessions at 4-5 games each summer as a fundraiser. I enjoy talking to everyone and all the mental math (I tell everyone how much they need to pay) is great! I sell raffle tickets and memberships at the ELNA block party. Painted a BUNCH of Ms Frizzle Yellow on the intersection repair intersection.
10. ELNA projects: Last year I worked on the project to rezone the area north of 9th to actual use. I plan on continuing this project to completion. There are many nonconforming dwellings in the north of 9th area which is making the rezoning a bit more complicated. After that completes, I will work on the urban conservation overlay to help determine if / what is appropriate.
11. Contribute to ELNA's mission: Continue work on rezoning. I am interested in efforts to combat increasing property values which burden low income residents, both homeowners & renters. I feel it is important to managing change without losing the flavor of the neighborhood.
