Committees-

East 9th Street Committee: Issue 1) determine who will serve as information conduit for neighborhood. Jacki and Christine as point people-Pam moved, Phil seconded, approved (KT disapproves because this person should be the project manager and Josh disapproves because this role should be held by one person and that person should not also be on hiring committee).

Jacki and Mike currently being talked about as serving on the 9th Street Hiring Committee-Mike-at large member, Jacki, group discusses adding a third person, specifically Dave Lowenstein.
