Nov 11th, 2019

To the Kansas Historical Society,

Our neighbors at the St Luke AME Church are applying for a Historic Trust Fund grant. The East Lawrence Neighborhood Association supports their effort to attain this grant. Grant Funds will assist with physical improvements to the building that houses the Church.

St Luke has been an anchor to the neighborhood for over 100 years, and has been recognized for that for that significance in its placement in 2005 on the National Registry of Historic Places. We believe the congregation of St Luke church are, and will be, worthy stewards of this grant, and are working with local preservationists to ensure the building will endure for many more years.

Please give St Luke AME's grant request careful consideration and approval.

Respectfully yours,

Phil Collison
President, for the Board of the East Lawrence Neighborhood Association
