Re: BZA 7/1 Agenda item 3, "Consider an Appeal"

The Board of the East Lawrence Neighborhood Association supports the administrative ruling made by the Planning Director that holds that all the properties within the 8<sup>th</sup> and Pennsylvania Redevelopment Zone are required to participate in shared off-street parking. We request that you deny the appeal made by the Flint Hills Development group to allow their latest development from deviating from the shared parking requirements of the rest of the district. Allowing this would make parking opportunities worse for both those within the district and also beyond the boundaries of the District.

Thank you for the opportunity to comment on this issue,

the Board of the East Lawrence Neighborhood Association,  
acting independently of our President in this instance
