Re: Proposed Listing of 1124 New Jersey Street on the Lawrence Register

The East Lawrence Neighborhood Association (ELNA) appreciates the opportunity to comment on the proposed listing of 1124 New Jersey Street on the Lawrence Register of Historic Places. ELNA strongly supports this nomination. The Henry Waters House is an interesting two-story brick Italianate structure with a great degree of original integrity. The history of the building, the people who lived there and the activities that took place there are fascinating, as detailed in the nomination. The current owner, Camille Wingo has taken major steps to preserve this wonderful historic resource for future generations. This nomination should be a slam dunk! We urge the support of the HRC and City Commission, and we sincerely thank the city staff for their diligent assistance throughout the process.

Sincerely,

Barry M. Shalinsky  
President, on behalf of the ELNA Board
